

# Amplify life with the Pocketalker

## Hear more, connect more with the Williams Sound Pocketalker personal amplifier.

Don't let your important moments go unheard. The Pocketalker ensures you never miss a single word, whether you're in a noisy environment or enjoying a quiet conversation.

Personally tailor your listening experiences with this out-of-the-box hearing assistance solution. Stay connected and involved by amplifying the sounds and voices most important to you - at a fraction of the cost of hearing aids.

### Personalized Listening

The Pocketalker is designed to provide a personalized, easy-to-use listening experience. Use the control to adjust the volume of the sound up to 120 decibels, which is twice the level of a normal conversation.

Further personalize your listening experience to enhance sound clarity using tone control to adjust low and high-frequency sounds and the balance control to adjust the sound levels in each ear.

### Pricing

**Pocketalker Ultra**  
PKTD1EH \$189

**Pocketalker 2.0**  
PKT2.0EH \$230

Hear what you want to hear by amplifying the sounds and voices most important to you.

- 1
